

Turn ELIO® Into Standard ST Contact

Stainless tool split coupling nut with ST bayonet ramp to be adapted on an ELIO® contact.

Cost saving ■ Use your equipment having an ST interface.
Use your existing ST polishing fixture.

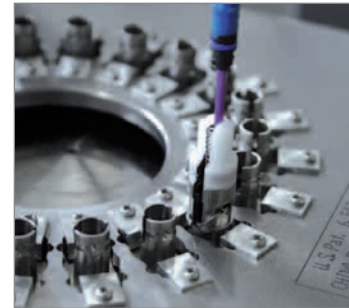

User friendly ■ No extra tool needed for insertion/extraction.

Simplification of optical measure ■ No need of extra ELIO® to ST reference links when measuring ELIO®/ELIO® or ELIO®/ST patchcords.

ELIO® adaptor for ST polishing fixture

With this adaptor, turn your ELIO® contact into an ST contact and save costs using standard ST polishing fixture.
Part Number: ELIOAST

ELIO® adaptor for ST polishing fixture

ELIO® Fiber Optic Visual Inspection Tool

SOURIAU and JDSU teamed to develop a contact end face inspection tool to inspect ELIO® singlemode and multimode harnesses.

Rugged contact inspection kit
Part number: FBP-ELIO-1

Automated contact inspection kit
Part number: FBP-ELIO-2

ELIO® Coupler

High precision and user friendly ELIO® measurement tool. This tool is specifically designed to test ELIO® fiber optic links.

Part number: ELIO-T-ELIO-A

ELIO® Mechanical Splice

ELIO® sealed contacts terminated with the ELIO® cabling kit and connected through the ELIO® mechanical sleeve is a reliable and sealed solution to repair damaged optical links.

Part number: ELIOELIO

Please see SOURIAU «ELIO® Fiber Optic Technology» catalog to get more information about all these tools.
